Eye-Candy For Your Candy

Sweeten Product Appeal with Specialty Folding Cartons from Knight Packaging Group

When you want packaging as pleasing as your candy, choose Knight Packaging Group, Inc. We're North America's leading manufacturer of confectionary packaging. We've achieved this position by listening to our customers' market needs and then executing creative design ideas that helped establish unique brand identities for their products. We push the envelope every day on new folding carton designs and finishes that combine creativity, flexibility and durability. Whether you're selling chocolate, gummy candies, wafers or any other type of confection, we'll deliver with a high-impact package that boosts product appeal and sales.

Experience the Benefits of Our Folding Cartons:

High-Tech Printing – With both offset lithographic and flexographic printing capabilities, we can serve a variety of printing needs, quantities and budgets – with optimal control and quick turnaround times.

Product Appeal – We'll match custom layouts and colors to your exact requirements – achieving superior print quality on your order.

Volume Flexibility – Due to the wide variety of our printing equipment, Knight has a unique capability to produce both large and small orders. No order is either too large or too small for us.

Just-In-Time Service – We can preprint and die-cut your order – and then stock your inventory until you need it. Only then do we fold and glue the finished product.

STAND OUT WITH SPECIAL FINISHING OPTIONS

Enhance package appearance with special finishes like metalized polyester, hot stamping, high-gloss and matte UV coatings, film lamination and pearlescent inks. Other options include windowed cartons and blister cards, which provide additional product protection.
